Model 9600B - Cartridge Filter

This model contains 4 filters that clean to .5 micron. It features push button cleaning, which requires a button to be pushed 3-5 times a day, thereby releasing a large amount of compressed air into the filters. The air pulses off the dust, which drops into drawers below the filters. The drawers should be cleaned a few times a month, or as needed. These tables are designed to set end to end, allowing the filters and drawers to be serviced from the front of the machine. The top, as with all other models, has a sprayed on rubber type finish.

Specifications:

- Width: 48"
- Length: 96"
- Height: 36"
- Weight: 1200 lbs
- Motor: 5HP, 3PH or 1PH
- Voltage: 220V (1PH), 230V (3PH), 460V (3PH), and 575 (3PH)
- **4800 CFM After Filters**
- **Sound Level: 82 Decibels**

Model 7200B - Push Button Clean

This model contains 2 cartridge filters that clean to .5 micron. It features push button cleaning, but the table may also be equipped with a timer so that the operator need not push the cleaning button.

Specifications:

- Width: 48"
- Length: 72"
- Height: 36"
- Weight: 945 lbs
- Motor: 5HP, 3PH or 1PH
- Voltage: 220V (1PH), 230V (3PH), or 460V (3PH)*
- **3900 CFM After Filters**
- **Sound Level: 78 Decibels**

*Also 575V (3PH)

Model 3444B

Features two incoming dust blast gates 1 - 4" and 1 - 5", seven inch quick action vice, roll around casters (in back only), life handles in front for easy mobility, 115-volt receptacle, 8 ft. cord, 180 square feet of filter media that cleans to .5 micron. Compare this to the competition!

Also Available: Top with holes on the side rails like Model 9600B. If this top is chosen, the table will not have vice or dust ports.

Specifications:

- Width: 48"
- Length: 44"
- Downdraft Surface: 34" x 44"
- Work Surface: 34" x 44"
- Weight: 325 lbs
- Motor: 1HP, 1PH or 3PH
- Voltage: 115 or 220 (1PH) or 230-460 (3PH)
- **CFM 1800**
- **Receptacle only with 115 volt**
- **Sound Level: 68 Decibels**

Model 2634B

Features 26" x 34" sanding surface, 34" x 44" working surface, casters in back only, handles in front, 7" woodworkers vice, 1 - 4" blast gate, 1 - 5" blast gate.

This is a great table for the small shop and the home hobbyist. This table will roll through a 36" or larger door on the rear mounted casters. This table has the same filter as the above table except it is not push button clean. To clean, remove the filter strap that holds the filter tight against the seal, not the filter is supported on each end by filter saddles. Raising the filter an inch or so and tapping downward as you rotate the filter will knock out the dirt, allowing it to fall into the drawer below.

Specifications:

- Width: 48"
- Length: 44"
- Downdraft Surface: 26" x 34"
- Work Surface: 34" x 44"
- Weight: 250 lbs
- Motor: 3/4 HP, 1 PH or 3PH
- Voltage: 115 or 220 (1PH) or 230-460 (3PH)
- **CFM 1500**
- **Receptacle only with 115 volt**
- **Sound Level: 65 Decibels**
